

BRITAIN IN GREY PERIL FROM LABOR REHEAVAL

The Government's Unusual Course of Intervening to Affect Settlement.

Two Rioters are Shot in Liverpool

Railway and Dock Workers' Strikes Continue to Spread.

London, Aug. 15.—An index to the extreme gravity of the labor upheaval throughout the country is to be found in the unusual course that has been taken by the government to deal with the situation. Conferences were held today in the offices of Premier Asquith, and the premier was asked to secure the views of some of the most influential representatives of the big industries and also of all the important heads of the trade unions.

During the afternoon there was also a conference at the Board of Trade, where the railway managers and a committee of the Board of Trade, while Mr. Asquith, president of the board, has invited the representatives of all the railway companies and the dock companies to meet him tomorrow with a view to adjusting their differences.

That intervention by the government with a view to ameliorating conditions has not come a moment too soon is to be seen in the fact that the Amalgamated Society of Railway Servants is today despite the agreement entered into with the railway companies in 1907, decided to call a general railway strike throughout the country, and gave the companies 24 hours in which to decide whether they were willing to meet the men and negotiate their differences.

This is the reply of the men to the decision reached by the railway managers Monday night to refuse all assistance in their employment. The situation has become so serious that already there is talk of Parliament proceeding in emergency in order to pass special legislation dealing with industrial problems, the members of the railway employees and managers in rising and that will be required to secure a settlement. King George is taking a keen interest in the situation.

Another Serious Riot.
Liverpool, Aug. 15.—The rioting in the city, in which the troops were compelled to fire, took place in the city last night, and a few persons were wounded. The riot was caused by a crowd of men, who were ordered to fire, many of their number had their hands raised with blood from injuries caused by the riot and broken bottles, thrown by the rioters, were seen flying through the air.

The riot broke out in the city last night, and the rioters were shot by the police. The riot was caused by a crowd of men, who were ordered to fire, many of their number had their hands raised with blood from injuries caused by the riot and broken bottles, thrown by the rioters, were seen flying through the air.

Shipping Paralyzed.
Liverpool, Aug. 15.—The shipping business here is becoming completely paralyzed. The steamers, which arrived today from New York, have been unable to dock owing to the strike of the tugboat men, and it is doubtful if they will be able to coal in time to sail on their voyage to America.

Several other steamers are in a similar situation. The special boat train from London to Liverpool was cancelled today, but hundreds of Americans already are waiting for boats to take them home to their respective countries.

Improvement in Situation.
London, Aug. 15.—There is little, if any, alleviation of the strike force that has exacted its toll in blood and pain today. At some points, such as the docks, the situation is beginning to improve, but this is offset by outbreaks elsewhere. With the exception of Liverpool, where the strike is still in force, the situation is beginning to improve, but this is offset by outbreaks elsewhere.

Improvement in Situation.
London, Aug. 15.—There is little, if any, alleviation of the strike force that has exacted its toll in blood and pain today. At some points, such as the docks, the situation is beginning to improve, but this is offset by outbreaks elsewhere.

British Government May Man Railways With Royal Engineers.

London, August 15.—Railway men at various centres today notified their superiors of their determination not to handle trains employed in conveying soldiers and police through strike areas.

GAME TO BE PROTECTED IN ROCKY MOUNTAIN RESERVE

SUPERINTENDENT OF FORESTRY CAMPELL DECLARES THAT ESTABLISHMENT OF FOREST RESERVE ON EAST SLOPE OF ROCKIES WILL NOT OPEN PARKS TO HUNTERS.

That the whole of the eastern slope of the Rockies, set aside by the Dominion Government as a forest reserve, will be also in effect a game preserve, is the view of the superintendent of the Rocky Mountain National Park, Mr. J. H. Campbell, who is in charge of the park. He is of the opinion that the establishment of a forest reserve on the eastern slope of the Rockies will not open the parks to hunters.

Effect of the Act.
In explaining the situation yesterday, Mr. Campbell said that there is to be no interference with the game laws in the Rocky Mountain National Park. The game laws in the park are to be maintained, and the establishment of a forest reserve will not open the parks to hunters.

To Protect Athabasca Timber.
Special provisions are to be taken to protect the timber along the Athabasca river and shores of Lesser Slave Lake. A new patrol, built at Prince Rupert (mile 43, P.R.), has been ordered to be sent to the river.

Prevents All Trespass.
The aid act provides for the protection of the forest reserve, and under the act, no trespass is allowed. The act is to be enforced by the forest ranger, Mr. Campbell, who is in charge of the park.

Prevents All Trespass.
The aid act provides for the protection of the forest reserve, and under the act, no trespass is allowed. The act is to be enforced by the forest ranger, Mr. Campbell, who is in charge of the park.

Prevents All Trespass.

Relief From Water Shortage Is Expected by 5 O'Clock This Afternoon.

Relief from the shortage of water, which has caused so much trouble in the city, is now practically assured. It is expected that before five o'clock this afternoon the six million gallon tank, placed out of commission by the break of the main in the pump line, will be in operation once more.

Under the direction of the city engineer, repairs have been made which will allow the water to be in operation once more. It is expected that before five o'clock this afternoon the six million gallon tank, placed out of commission by the break of the main in the pump line, will be in operation once more.

SECOND DAY OF EXHIBITION DRAWS ANOTHER BIG CROWD

STREET CARS AND EXCURSION TRAINS DRAW VISITORS— JUDGING OF CROCK CONTINUES—MIDWAY ATTRACTIONS OF PARKERS SHOW ARE EXTENSIVELY GOOD.

In point of attendance and in every other respect the second day of the interprovincial fair promises to be all previous records. Satisfied that the program arranged by the Edmonton Exhibition Association is even better than the advance notices indicated, people are flocking to the grounds today by the thousands, and there seems to be no limit to the size of the crowd.

With showers early in the morning and lowering clouds threatening to continue the welcome rain, the day opened stormy enough. About 10 o'clock noon, however, old set upon his cheerful countenance through and gave a slight indication of what a bright sunny day might look like. But the unfavorable weather in the morning was not different with the crowds. Everybody kept on the move and the move was in the direction of the exhibition grounds.

PROVINCIAL CABINET MINISTERS IN CITY CONVENTION FOR VICTORIA CALLED

All the Ministers Have Returned—
Proceedings of the Convention Will Be Published
in a Few Days.

All the members of the provincial cabinet have returned to the city today. The proceedings of the convention will be published in a few days. The convention was held in the city today, and the proceedings will be published in a few days.

Conservative in Prime Albert.
Prime Albert, Aug. 15.—Over fifteen thousand people attended the Conservative convention for the Prince Albert constituency here yesterday. Only one speaker, Mr. J. H. Campbell, was present, and that was James McKay, K.C., who accepted the invitation to speak.

Hon. Wm. Patterson in Brant.
Brantford, Aug. 15.—Hon. Wm. Patterson, minister of customs, has been again selected as the Liberal candidate for Brant.

Head Leads this Division, Allow Hand to Give a Block shade of leading team.

ASHDOWN IN WINNIPEG AND AIKINS IN BRANDON

Liberals Tender Unanimous Nomination to J. H. Ashdown in Winnipeg—J. A. M. Aikins, of Winnipeg, Conservative Nominee in Brandon.

Winnipeg, Aug. 16.—James H. Ashdown was the unanimous choice of the Liberals of Winnipeg at the convention held last evening to nominate a candidate to represent them in the great fight on Sept. 21st. The choice was most popular with the large audiences that thronged the Liberal club hall, and the cheers that greeted the nomination were proof that the Liberals of the city will make every endeavor to put their force at the head of the poll.

When after the nomination of Mr. Ashdown, the chairman called for further nominations, the audience would have none of it, but rose to a man to show their appreciation of the fact that Mr. Ashdown had consented to run for the office. At the same time, the audience showed its simple and direct words his willingness to consent the seat, he was listened to with keen interest and his declaration of loyalty to the cause was greeted with deafening applause.

Greatest Enthusiasm Shown.
It was a representative election gathering, members of every class in the community being present, and the enthusiasm was such as has seldom been seen at a Liberal assembly in Winnipeg. Long before the hour of starting the hall was filled, and when the curfew came at last many had to content themselves with places in the rear or in the doorway. While waiting for the nomination, the audience was most popular with the large audiences that thronged the Liberal club hall, and the cheers that greeted the nomination were proof that the Liberals of the city will make every endeavor to put their force at the head of the poll.

Hon. Wm. Patterson, Minister of Customs, will be in the city, and J. H. Ashdown, Minister of Agriculture, will be in the city, and J. A. M. Aikins, Minister of Finance, will be in the city.

Leader of Commercial Life in the West.
"In looking round for a man to represent them," said Mr. Martin, "there is one man I think nine-tenths of our citizens, were they to give an unbiased judgment, would say is the man who ought to represent us on this occasion. He stands first in the commercial life of Winnipeg and of the West—James H. Ashdown."

Load and prolonged cheers greeted the announcement.
He is clean in public life, continued Mr. Martin, "and he is the only one to represent us in the city."

According to the nomination James Campbell, K.C., said that he had the honor to be nominated as the Liberal candidate for the city of Winnipeg.

According to the nomination James Campbell, K.C., said that he had the honor to be nominated as the Liberal candidate for the city of Winnipeg.

WEDNESDAY, AUGUST 16, 1911.

Had Mr. Herron and the other Opposition members from the West taken an early and positive stand for the interests of their constituents, they might have broken down the opposition to reciprocity and secured the benefits of it to the western people in the present season. That its failure to pass is due to the selfishness of a party chargeable to their publicity or cowardice. And if there is a chance of the agreement being defeated at the polls and the western people permanently denied the benefits of the United States market, a part of the blame for this risk also lies at the door of Mr. Herron and his fellow Opposition members. The western gentlemen have for six months been doing to defeat the agreement just all they knew

To make its piratical operations possible the merger must have a monopoly of the market in its particular line. Competition is death to it if the competition be from a quarter where it cannot be strangled. The merger is not out to do business; it is out to take plunder; and it can't afford to get the plunder only if others are kept out of the field who are willing to pay more than it can afford to pay for what it buys, or who can sell cheaper than it can afford to sell. The only safety for the merger lies in maintaining the tariff under which it was formed, or in increasing it. Besides, the merger is not interested in the tariff unless it takes into consideration the amount of rake-off they are enabled to make because of the tariff. To lessen the amount of the tariff under which the concern was built is simply to shift one of its foundation stones, and to thus endanger the stability of the whole structure. But the same reduction might have no serious apprehensions for the manufacturer, who only seeks to get out from his business fair return on his money and brains he has put into his business.

Bill Goes to Taft.
Washington, D.C., Aug. 15.—The Senate by a vote of 38 to 28 tonight adopted the conference report on the wool tariff revision bill already adopted by the House. The bill will now go to the White House for the expected veto of President Taft.

main Avenue, opposite the Grandstand.

MONARCH KNIT

They can afford to beach their canoe and "spoon" on the shore—because they're clothed in "Monarch Knit" hose. "Monarch Knit" coats and sweaters, as well as auto caps and toques, have fairly won and fairly hold a big international market—because of selected material, skilled craftsmanship and up-to-the-minute style and swagerness knit into the garments and their texture. Every modern merchant knows the fundamental reasons for the superiority of the famous "Monarch Knit" hose. Your merchant will gladly tell you all about these stunning garments—not because of big immediate profits, but because of after effects.

The Monarch Knitting Co. Ltd. Duverville, Ont.

NOTICE IS HEREBY GIVEN pursuant to Subsection 22 of the Railway Act, being Chapter 37, Revised Statutes of Canada, that the last profile and book of reference showing the location of the branch line proposed by the Canadian Northern Railway to run through Block 4, Hudson Bay Territory, in the City of Edmonton, crossing Macleod, Peace and Athabasca avenues in the said City of Edmonton, now filed with the Registrar for the land registry office of Northern Alberta at 10th Street on the 24th day of July, 1911. And application will be made to the Board of Railway Commissioners, after four weeks from the date of filing, for approval of the said plan.

Filed at Edmonton, Alberta, this 1st day of August, 1911.

SIR WILFRID HAS TENDERED GREAT RECEPTION AT OPENING MEETING

Twelve Thousand People Hear Premier at Simcoe—Sir John A. Macdonald was the Moses of Reciprocity, but did not Live to see the Promised Land—"I may be the Joshua of the People," says Sir Wilfrid, to see the Great Policy Carried Out.

Simcoe, Aug. 15.—It was an anxiety of victory, the merriment, enthusiasm, gathering that today cheered itself hours in its greeting to Sir Wilfrid Laurier. Over twelve thousand people assembled in Linwood Park, a beautiful natural amphitheatre. Special trains with farmers' excursionists ran from Niagara Falls, St. Thomas and Port Huron, gathering passengers en route. The weather was ideal, and a remarkable reciprocity was tendered Sir Wilfrid Laurier, Hon. Geo. F. Durnham, Hon. Mr. Laurier, and Hon. W. L. McK. King, all of whom spoke.

The premier was at the best, opened the campaign by a message national rather than political. He dwelt on Canadian progress and development and the largest markets and increased prosperity. Reciprocity should not be a party issue. The statements of both parties had received their advocacy.

"Sir John Macdonald," said the premier, "was the Moses of reciprocity, but like Moses, he was not destined to see the promised land. It may be my privilege to be the Joshua of the people to see this great policy carried out."

Was Great Enthusiasm.

The throng was intensely enthusiastic. At one point in the speaking, "I can't stand it any longer," he shouted, "let's have three cheers for Laurier and reciprocity." He got them, three cheers.

In speaking, the premier stated that he had thought the election of 1905 would be the last that his advanced years must soon compel his retirement, but Providence had been kind and he now had strength and health never experienced before. He rejoiced at the privilege to see the completion of the long looked for policy of free trade between Canada and her next door neighbor.

The conservative press had claimed that the Opposition had dominated the recent parliament by superior tactics. The Opposition had destroyed public business and had acted on the government to consult the people.

"But," added the premier, "and my audience and applause, 'I am as old as these gentlemen and I understand something about the senior tactics. The Opposition did not want an election. They had no mind to face their judges and cur-

a powerful factor in the material prosperity of our country but it is an advance step toward that higher civilization which recent events have shown to be within the range of practical politics.

In the procession the Premier was accorded a wonderful ovation. The farmers in hundreds marched with him to the station and larger and larger numbers were observed until the train disappeared. Sir Wilfrid came to Montreal tonight and will speak at Three Rivers in Quebec Thursday.

Borden in London.

London, Aug. 15.—Hon. R. L. Borden opened his campaign here tonight before a large audience. He began by making reference to the early closing of parliament on July 25, while there were serious charges pending against him. Frank Oliver, then turned to reciprocity. He said that the attempt to interpret the attitude to those who opposed the reciprocity agreement. He said Canadian reciprocity was no more to be doubted than it would be doubted if Sir Wilfrid proposed in plain and unequivocal terms to vote complete and immediate control of Canada's tariff in the control of the U.S. In 1911, Sir Wilfrid had been willing to concede that by breaking down the commercial barriers between the two countries.

Mr. Borden went on to affirm that there was no mandate from the people to follow such a course, no public discussion on the matter for twenty years, while there was no statement in the progress of the past forty years to warrant the government seeking such an agreement.

He then asked what were the impelling causes which induced the government to abandon the path of reciprocity and seek a new and unknown path. Were they to be found in the cross examination of the Prime Minister by the western farmers in 1910, upon promises he made in 1904 to delay protection and establish free trade as it is in England. Were they to be found in the desire of the Prime Minister to establish an issue which would arouse the naval policy as detrimental to the people. Were they to be found in Mr. Folger's unfortunate admission that Canada, although buying from the United States more than double the amount also said that country, yet maintained a customs tariff of little more than half that of the United States and imposing on the United States goods on an average rate less than that which was imposed on British goods.

No Interference.

The premier explained that the agreement interfered in no way with the British preference. This said he to the bird in the very hand, we can have it. If the Democratic party and power and carry their policy there will be a reduction of tariff not only to Canada, but to the whole world. In the present arrangement the reciprocity of reciprocity is no objection that it needs no relaxation, but the more thoroughly discussed the clear friendship between two nations brings the day of a new, better and nobler sentiment prevail. We have heard that this is the better policy. Reciprocity will not only be

Port Arthur General Manager.

Port Arthur, Aug. 15.—J. J. Hickey, of Winnipeg, takes charge of affairs in Port Arthur today in the capacity of the city's general manager. He is a three-year contract and can only be removed by the Ontario railway and municipal board for cause. He is officially known as commissioner of utilities and has almost full power in city affairs. His authority being practically the same as that of the general manager of any other business corporation.

ACCUSE C.P.R. OF CRUELTY TO CATTLE

Camrose Stock Raisers Declare on C.P.R. Its Line to Winnipeg—One Carload Goes Without Food as Far as Brandon.

Camrose, Aug. 15.—The growing business which has been done by the Camrose Telephone exchange has necessitated removal to larger quarters this week. The number of subscribers is now 146, while those in the past lines number nearly 100. The demand for telephone calls on the leading residential street has called for the installation of two pair cables, one for each of the two hundred wires would be required as two wires are needed for every connection. With regard to the construction of new rural telephone lines, one north to Sturgeon and one southeast of Camrose, no definite word has been received, but work may be commenced any day.

Cattle Shipments Complain.

According to complaints that have been made by local cattle shippers, the C.P.R. could very much improve conditions for shipping cattle to Winnipeg. On Tuesday, July 25th, a carload of cattle was shipped from Winnipeg and it was not until Brandon had been reached that any food for the stock was supplied. This was in spite of the fact that the shipper had been notified by the C.P.R. that the cattle were to be shipped to Winnipeg. The complaint makes the state available for stock in the life of food. Camrose and Winnipeg on the C.P.R. and that the road has no right to accept stock for shipment under such conditions.

Best Distributing Point.

That Camrose is receiving results in its probability of being shown by the number of representatives of eastern firms who are here. This was in spite of the fact that the shipper had been notified by the C.P.R. that the cattle were to be shipped to Winnipeg. The complaint makes the state available for stock in the life of food. Camrose and Winnipeg on the C.P.R. and that the road has no right to accept stock for shipment under such conditions.

Water Pipes Being Laid.

The laying of water pipes on the Camrose streets is progressing rapidly and if the weather holds most there is little doubt but what the system will be installed by another month. The overhauled water tank arrived this week and the laying of foundations for it has already been commenced.

Preparing for the Fair.

The board of directors of the Camrose Agricultural Society met last week and made preparations for a considerable program of sports to be carried out during the fair. There will be baseball and football competitions, horse racing, foot races, etc. An automobile race is on the program, prizes of \$10.00 and \$5.00 being promised by two local hardware men to the winners of the cars. Since the society has been organized on a plan of gasoline. Special arrangements are being made to run excursions from Camrose to the fair grounds for the fair dates, October 4th and 5th. The C.N.R. will be in the city by that time and excursions from Stettin or Vauxhallville are fairly well assured.

Mayor Layton announced that Aug. 23rd, the opening date of duck shooting will be observed as a civic holiday. This is following a rule which has been observed in Camrose for several years.

Cement Sidewalk and Housework.

The Stewart-Smith two-story brick building which has been in the course of construction for some time is now practically completed and will be occupied this week by a jeweler and druggist store. The building is modern throughout and will be one of the most attractive business places in Camrose.

Records of Camrose Pupils.

At the last meeting of the school board, Inspector McNally in his report stated that the work of the Camrose public school was progressing very rapidly. Tangible proof of the progress was shown in the passing of six out of the seven pupils in class VII, and six out of the eight in class VII. Percentage of passes for the previous year in class VII was 50 per cent, whereas that of Camrose public school was 82 per cent, making the average percentage for the province was 61 and that for Camrose school was 75 per cent.

In view of the fact that a large number of pupils are attending the Camrose school, it is being made to run an excursion train so that all can see the name of Camrose before the exhibition visitors.

Believe That Tired Feeling

Many a man comes home to his family after a hard day's work so exhausted that he's no more sociable to his family than a post-hole. You have been in the same position yourself—haven't you? Did you ever stop to realize that there is no diversion under the sun more effective than good music for curing this disease?

If you will call in at Mason and Risch's Music Temple and let them demonstrate to you the bargains that they are offering in the Piano Line today and tomorrow, you are sure to get the satisfaction which you have been longing for, but which you were unable to express.

The Old Argument

that your wife cannot play the piano will not hold water now, because you will find a number of bargains in Player Pianos which are astonishing. Remember these bargains are real bargains, and every instrument is guaranteed.

NEWS OF THE DISTRICT.

BOWDEN.

Bulletin News Service.
Mrs. J. Stapleton and children, of Chinawick, B.C., are visiting Mr. W. P. Brown.

Mr. Brookes Gray left on Thursday for Calgary, where he intends to stay in future.

Dr. Gray, of Red Deer, the former Bowden medical man, was a visitor on Friday.

M. H. Culver's auction sale, held last Saturday, was rather well attended by the people in this district. The goods sold under the hammer of Auctioneer Shefferson brought a good price.

A meeting of the Bowden Local Association was held on Friday night in McCue's Hall, when business relative to the coming election campaign was discussed. In the unavoidable absence of the president, Mr. W. Wilson, Mr. R. McCue took the chair. The meeting was well attended and was very enthusiastic.

Mr. Sam Welch, of Red Lodge, was selected at the late Socialist convention at Markerville as their candidate in the political field for election as member for this district to the Ottawa House on the Socialist ticket. The local Socialists are better organized than appearances would lead one to believe and they have a strong executive campaign board.

Mr. H. H. Brown, of Orléans, is the secretary of their association.

The public school should have reopened on Monday, August 14th, but for some untoward event happening the school children will have another week's holiday.

On Wednesday there arrived in town a road grader, built entirely of iron and which can be easily operated with one man of horses. The machine was sent to this local improvement district from the Department of Public Works through the recommendation of the Hon. Duncan Marshall.

Mr. L. Bernard has been busy grading up the streets of the town and a marked improvement is very noticeable.

A street lighting meeting is to be held in McCue's Hall on Friday next, August 17th, when the principal speakers will be Mr. Clark and Hon. Duncan Marshall. A full attendance at this meeting, which is called for eight o'clock.

The meeting under the auspices of the Lord's Day Alliance, which was proposed to take place next Friday evening, owing to clashing with that of the Liberal meeting, has been postponed until further notice.

The following people reading in Bowden were successful in passing the recent examinations under the Department of Education regulations: Sixth standard, Mrs. Marion Lewis, prepared at the High school; Red Deer; with standard, Miss J. Snow, field, prepared at the Red Lodge school and Miss H. Langford, prepared at the Burnaby school.

The monthly meeting of the village council was held on Wednesday.

In a pin, in the office of Secretary-Treasurer H. E. Shefferson. The councillors present were: Messrs. A. McLean, H. W. Shefferson, and J. Lloyd. The minutes of the last meeting were read and adopted.

In the motion by Councilor Shefferson and Lloyd, the following candidates were ordered to be paid: Christie & Henshaw, \$2.50; E. J. Christie & Co., \$1.00; J. McCue, bill for \$3.00; J. Leslie, team work, \$1.00; Crown Lumber Co., lumber, \$14.75; H. E. Shefferson, salary, \$45.00.

On motion the secretary-treasurer was instructed to demand payment of \$50.00 from M. H. Culver, being amount paid by the council for the removal of his dead cow, found lying near the school house.

On motion it was agreed that Councilor Lloyd interview Mr. Patterson in connection with the matter.

There have been lots of bill matters in Bowden this season, but it is doubtful if the red and white ever stacked up against a more lustrous suit than those who travel under the name of Penfold. It was really a great success.

The new man made solid ivory pair, letting and holding well, and showed by the use of a little grey matter how bases could be stolen. Bowden handed out the dope to Penfold to the tune of \$1.40.

The continuous hot weather assures well for the harvest in this neighborhood, for the grain crops never looked so well as they do this year. Almost every day the farmers are bringing into town magnificent specimens of wheat, oats and barley.

There can be no doubt that the crop will be the heaviest ever harvested in the Bowden district.

Hay-making has been going apace during the last week at a furious pace. The farmers, who have had most exceptional weather of hay this year, are working at high pressure among the timothy and wild hay. In this district there is rather a shortage of farm hands.

RED DEER.

Bulletin News Service.
The results of the recent departmental examinations show Red Deer to be successful in passing the recent examinations under the Department of Education regulations: Sixth standard, Mrs. Marion Lewis, prepared at the High school; Red Deer; with standard, Miss J. Snow, field, prepared at the Red Lodge school and Miss H. Langford, prepared at the Burnaby school.

The monthly meeting of the village council was held on Wednesday.

In the case of Mr. J. H. Shefferson, the results of the recent departmental examinations show Red Deer to be successful in passing the recent examinations under the Department of Education regulations: Sixth standard, Mrs. Marion Lewis, prepared at the High school; Red Deer; with standard, Miss J. Snow, field, prepared at the Red Lodge school and Miss H. Langford, prepared at the Burnaby school.

candidates and twenty-seven were successful.

This out of a total of seventy-four candidates, sixty-nine were successful over ninety-five per cent. This is a record which will have its equal in the province. At a meeting of the school board, great satisfaction was expressed with the results.

The board will also endeavor to arrange for a series of lectures to be given at the school by the professors of the university.

The change in the weather has made everybody more cheerful and optimistic. Farmers looked out for the farmer, when it was cold and raining every day, but the crop is there, and if they can be ripened the locality will reap one of the finest crops of the history.

The fall wheat has wintered well and looks good for thirty-five bushels to the acre. A great deal of the crop is late, but some of the early fields the farmers are looking for fifty, sixty and seventy-five bushels to the acre.

The hay crop has suffered considerably from the excessive rains and cold weather.

The rains have been a source of extreme inconvenience to the pleasure and holiday seekers at Sylvan Lake. Some, after spending a couple of weeks, had not enjoyed more than two or three fine days, and then the trip from Red Deer to the lake and back again is anything but pleasant.

But the garage companies are doing everything possible for the accommodation of the visitors, making trips at great risk to their machines and charging very moderate rates.

In spite of the inconvenience, the resort is becoming very popular. Mr. Kutter's hotel is taxed to its utmost capacity. The numerous summer cottages are well populated, and a host of campers are on the spot. A common occurrence is that many who come to spend a week remain a fortnight.

Red Deer, August 12.

WYLLIE.

Bulletin News Service.
A very pretty wedding took place at the home of Mr. and Mrs. J. H. Thorne, at Wyllie, six miles south-west, on Wednesday afternoon, July 28th, when their daughter, Clara Henrietta, was united in the holy bonds of matrimony to Dr. J. L. McPherson, of Wyllie.

The ceremony was conducted by Rev. Mr. H. Gordon and was witnessed by nearly one hundred guests, comprising mostly relatives and friends residing in the district.

At about 3.30 the bride appeared, looking radiantly beautiful and escorted by her father. She was accompanied by her cousin, Miss Clara Chantland, of Chicago, as bridesmaid, while the groom was assisted by Mr. J. L. Hays, of Wyllie. The bride was charmingly attired in a dress of white silk, trimmed with point lace. The bridesmaid

Miss Chantland, looked very sweet and glowing in a lovely gown of gold and silk.

After the ceremony the wedding dinner was served. The happy couple were the recipients of numerous gifts and congratulations. The groom's gift to the bride was a beautiful pin set with pearls.

Mr. and Mrs. McPherson will reside in Wyllie in their new home, and the newlyweds are surrounded by their many friends, who join in wishing them a happy life.

W. H. Fread spent several days in Wainwright and from this week.

R. O. Webster, of Jewell, Iowa, after spending several days looking over the River district, purchased the N.W. quarter of the C.P.R. section 35-49-18, four miles west of Wyllie.

The sale was made by A. Pinchak yesterday afternoon. The price paid was \$15.00 per acre. Mr. Webster will return early next spring and break up a considerable acreage of the land and build a residence and barn on the farm, which will be his future home.

Visiting at the home of Mr. and Mrs. J. Goodall, one mile east, this week, are Mrs. Stevenson and two children, of Forest, Ont.

Blackburn Brothers are constructing two new houses and a large barn on their lands four miles west of Wyllie. The buildings will cost in the neighborhood of \$12,000. B. M. Hendrick is the contractor.

Miss E. M. Strome, who has been visiting at the home of Mr. and Mrs. D. D. Archer for the past month, returned to Red Deer, where she will resume her duties as teacher in the Hawth school.

Wyllie, August 14.

ATHABASCA LANDING, Bulletin News Service.
John Russell left Thursday for Edmonton on a short visit.

G. O. Thompson returned last night from a business trip to Strathcona. John McCallin, of Edmonton, but late of this town, was renewing old acquaintances this week. John is engaged on culvert work on the C. N. R. line.

The road from Edmonton is improving. An auto with four real cattle men from Edmonton came over this week, making their trip in one day.

Mr. Denney, of the conservation commission department, Ottawa, passed through here this week for the rapid on the Athabasca. It is Mr. Denney's intention to estimate the value of the various rapids for water power. He will return in about a month's time.

Corp. LaNoue and Constable Pearson, of the I.N.W.P., returned to the landing on Saturday last, after having attended the coronation with the local contingent.

Mr. Fairbank, of Edmonton, has been transferred to the local branch of the Royal bank, to take the place of Mr. Tweedell, who resigned to accept a position as bookkeeper with the Hudson's Bay Co. here.

Invitations are out for a dance on Friday evening of this week in Red

Deer. The dance is being given by the local contingent of the I.N.W.P.

Sergeant McLeod and bride returned to the Landing Saturday last.

The village council granted \$50 to the board of trade last week to help defray expenses of the board in sending an exhibit of local produce to the Edmonton exhibition.

At the regular monthly meeting of the board of trade held last Tuesday evening Messrs. Thorne, Lloyd and Pearson were elected members of the board. The president addressed the meeting upon the recent visit of the fisheries commission, and after conferring discussed it was resolved that when the commission returns here they be requested to report that the board favors a heavy export duty upon fish going to foreign countries from the northern lakes. The lakes in the north country are small, and any heavy drain upon the supply would soon decide them entirely.

The inaugural luncheon of the Canadian club was held on Tuesday last in the Grand Union hotel, when the club was addressed by the president, Col. G. B. Sanders. Nearly thirty members turned out, which speaks well for the future of the club. The colonel's address was upon the history of the Canadian club of Canada, their work and aims. It is a great credit to the village to have a Canadian club formed here when the village is still young, but it shows the state of business well established here. Owing to the important part this place will play in the future development of this north country, the club will have many distinguished visitors in the near future.

Disastrous Forest Fires in Nova Scotia.

Village of Clyde River Already More Than Half Destroyed—Two Other Villages are Threatened—Valuable Timber Being Destroyed.

Halifax, N.S., Aug. 16.—More than half of the village of Clyde River has already been destroyed by a forest fire, which has been swept on by a northwest gale. Thirty-three houses and two lumber mills are in danger and the fire is still advancing. One mill is missing, probably destroyed in the fire. Millions of fine standing timber are being destroyed.

THREMEON ON STRIKE.

Port William, Aug. 16.—Because of the strike of the C.P.R. men, the P. & N.E. Co. has been forced to discontinue its service between this place and Port William.

IMPROVE IT

The Windsor Realty Limited

OFFERS

FOREST HEIGHTS

The investing public know there are sub-divisions and sub-divisions. Some are beautifully (?) situated a long distance from town, others are near the city, but the prices are too high, and again some are low in price and low in quality.

The shrewd investor wants to put his money in property near the city; he wants it high and dry, and he does not want to discount the future too much by paying an exorbitant price.

If in addition to this the property is beautifully situated, so much the better.

A sub-division that combines all these good qualities and more, not only is Forest Heights, but 1-2 miles from Edmonton Post Office; not only is the property high and dry, and the price very reasonable, but it is beautifully situated, affording a splendid view of the Saskatchewan River and the City of Edmonton.

In addition to all this, it is directly opposite the New East End Bridge.

The sub-structure must be completed by the end of February, 1912, and the entire bridge will be finished early in the summer. Every person and vehicle crossing this bridge must pass through FOREST HEIGHTS.

The Windsor Realty, Limited, Are Now Offering FOR SALE the LOTS Nearest the Bridge at Remarkably LOW PRICES

We are offering for a short time a limited number of lots in

Lauderdale

A Beautiful Suburb directly adjoining these busy centres on the north. Prices \$275 to \$350, according to location. Terms \$35 per lot cash and balance \$15 per month.

Now is the Time to Buy
and you have an opportunity seldom offered small investors

This is a rare chance to secure LIVE PROPERTY in a fine suburb right on the edge of CANADA'S GREATEST WESTERN METROPOLIS.

Every Lot is well located, high and dry. In the next few years EDMONTON must even surpass her own unparalleled records of growth, and her suburban real estate is sure to double and triple in value. Population and Land values move together.

NEVER BEFORE HAVE WE OFFERED SUCH BARGAINS, and we stake our reputation that these Lots will make you money.

Our Bankers will tell you of our reliability or we can refer you to hundreds of customers, throughout the Dominion of Canada, for whom we have made money in years past. If you cannot visit us, we will protect you fully in purchasing by mail or wire.

Now our autos are always ready and special provision is also being made to take care of the crowds. It's the people who do things that count.

OPEN EVENINGS

Hegler & Sutcliffe

374 JASPER EAST, EDMONTON,

AROUND THE CITY

LOCAL
Cooper Drabish, a civil engineer from England, is in the city visiting his brother, J. Drabish, the building inspector.

The marriage took place at 418 Second street on August 14 of Mr. J. K. Dickie to Miss Marionetta Clarendon. The ceremony was performed by Rev. Dr. Nichol.

A special meeting of the city council will be called for Monday next. The purpose of this meeting is to transact the business which should have been transacted at the last night.

BUILDING PERMITS.
A permit was issued from the office of the building inspector this morning for the construction of the foundation of the new residence of the Lieutenant Governor in South Glenora, on the south side of Athabasca Avenue, west of the new steel bridge. The total cost of this work, which will be undertaken by the public works department of the provincial government, will be \$15,000.

Two permits only were issued yesterday as follows:
G. Douglas, house on Henry street, \$1,000.
C. S. Adair, stable on Narmay Ave., \$100.

IN THE POLICE COURT
Bob Menno was fined \$10 and costs in the police court this morning for punching Yee's head. Yee is a Canadian. Bob Menno, a white, a few days ago from the laundry, but was unable to present the required check which the police had identified by the Chinaman Yee there. The police had to go to the street, and Bob punched Yee's head. The Chinaman who gave the name was called in the police court this morning, representing \$15 in bail cash.

Alfred Green and Robert Turner will appear in this afternoon to answer a charge of vagrancy.

COATES & CO. RE-APPEAR.
The commissionaires this morning from the Police Court for John Coates & Co., stating that if any encouragement were given to the Coates they would come to Edmonton from the fact that the new factory contemplated by the engineers, who would be required to submit plans for the establishment of a gas works. The commissionaires stated that the Coates have taken recently, despite the fact that there was a majority of the vote taken recently, a declaration of the gas works, and the mayor was instructed to reply to the commissionaires accordingly.

A communication was received from the N. B. stating that in accordance with the request of the commissionaires a steamer had been stationed at the crossing on Fire street to warn pedestrians and thus avoid the danger of accident during exhibition week.

FOR SALE—S. A. Scrip, 320 Acres, by voteless. Telephone call. Near South Glenora.

EXHIBIT OF THE WORLD'S BEST PIANOS AT HARMONY HALL, RICE STREET.

To avoid the distraction, noise and confusion attendant upon Fair ground crowds, Mr. Gies, H. Harding of Harmony Hall Piano Warehouses, cordially invites musical visitors to Edmonton during Fair Week, to hear the world's best pianos and organs at the above address where they can be heard and tested under circumstances similar to those in a private home. Clearing sale reductions are offered on all Pianos, Player-Pianos and Organs during Fair week at Harmony Hall, 227-29 Rice street, adjoining Post Office. Visitors at the above time can hear at Harmony Hall, the Divine Melba, Signor Casini, Harry Lauder and other great winners of the day on the wonderful Victor-Nipper. It will give intending purchasers of pianos or organs to be sure and see the display of musical instruments at Harmony Hall, before making a purchase elsewhere.

British Columbia's trade has increased by over sixteen million dollars in four years. It is the geographical center of British Columbia, which is Canada's largest and richest province. See G.T.P. transcontinental line is building towards Fort George from both east and west.

Visitors to the Edmonton Exhibition have an excellent opportunity to secure a first-class family car from the Jersey brand of H. H. Bull & Son. This firm have over forty head on exhibition and among them are a number of fresh and incoming cows that are excellent milkers. The herd are in Barn K on the exhibition grounds.
